## Education

2023 - 2027

Computer Science & Engineering

**Bangladesh University of  
Business and Technology**

2019 - 2021

**Higher school certificate**

Alomdanga siddikia Alim  
Madrasah

## Expertise

- C++
- HTML
- CSS
- Javascript
- PHP
- MYSQL

## Language

English

Bangla

## Experience

### Web Design and Development

Developed a complete Employee Management System using HTML, CSS, JavaScript, PHP, and MySQL. Worked on secure login, registration, HR/employee dashboards, CRUD operations, and database connectivity. Designed responsive UI and ensured smooth user experience through clean code, validation, and modern web practices.

### Competitive Programming

Solved 225+ problems across Codeforces, LeetCode, and AtCoder, focusing on algorithms, data structures, and logical problem-solving. Regular contest participant with growing performance and improved implementation, greedy, math, and graph algorithm skills.

### Academic & Lab Experience

Completed multiple CSE lab projects including Huffman Coding in C, graph algorithms (BFS, DFS, Dijkstra, Floyd-Warshall) in C++, and various LEX/BISON programs for expression validation, token detection, and grammar processing. Gained strong understanding of algorithm implementation, debugging, and structured coding through hands-on coursework.
